### Current Position

---

- **Research Assistant** (current position) Aug 2019-Dec 2021  
Project: *Ideas at Scale - Towards a Computational History of Ideas (e-Ideas)*  
Grant: NWO Vici  
P.I.: Prof. Dr. Arianna Betti

I am applying qualitative, quantitative and computational methods to the history of philosophy (e.g., building and annotating philosophical corpora for text-mining purposes). In particular, I am focused on the application of digital tools and computational methods to the analysis of philosophical texts in Classical Greek and Latin.
